SUMMARY

Results-driven Software Engineer with over a year of professional experience in Java technologies, specializing in Spring Boot, RESTful microservices, and distributed systems. Proven expertise in application design, developing event-driven pipelines with Apache Kafka, and optimizing performance using PostgreSQL and Redis for in-memory computing. Eager to contribute to American Express, leveraging strong Data Structures & Algorithms proficiency and a commitment to robust software development.

SKILLS

Java | Spring | Spring Boot | Microservices | RESTful APIs | Apache Kafka | PostgreSQL | SQL | Redis | Distributed Systems | Data Structures & Algorithms | OOPS | AWS | LLM/AI Integration | Application Design | Cassandra | Yellowbrick | Spark

EXPERIENCE

Software Engineer — Tata Consultancy Services

02/2025 – Present

- Engineered a fault-tolerant service using Spring Boot for distributed microservices, reducing recovery time by 80% (5s to <1s) for Real-Time Payment processing.
- Contributing to an architectural upgrade of TCS Bancs, facilitating migration from legacy PL/SQL to Cloud-Native Microservices for millions of daily financial transactions.

Software Developer — Servosys Solutions

01/2024 – 12/2024

- Developed a custom load-balancing mechanism in Java to optimize document ingestion, scaling throughput by 58% (1,200 to 1,900 req/s) while reducing latency.
- Engineered an event-driven pipeline with Apache Kafka to process 10,000+ documents daily, integrating AI/ML models to reduce search latency by 40%.
- Developed secure RESTful APIs for client integrations, implementing JWT authentication and RBAC to secure sensitive document endpoints.

EDUCATION

Bachelor of Technology in Computer Science and Engineering, National Institute of Technology, Raipur (2024)

ACHIEVEMENTS

- Achieved LeetCode Knight status, solving 1300+ problems and securing top ranks in weekly contests (810, 983, 1324).
- Attained Codeforces Specialist rating with a maximum of 1550, demonstrating strong competitive programming skills.
