

Kartikey Thawait

Software Engineer (Java Developer)

kartikeythawait3007@gmail.com | +91-9340579135 | linkedin.com/in/kartikey-thawait-51583a221 | Pune, Bangalore (Open to Relocation) | github.com/KartikeyNITRR2024 | leetcode.com/u/kartikey1234/ | codeforces.com/profile/KartikeyThawait19

SUMMARY

Proactive Software Engineer with a solid foundation in Java-based application development, Spring Boot, and Microservices, adept at participating in the full software development lifecycle (SDLC). Experienced in designing and implementing features, developing and consuming RESTful APIs, and ensuring application performance, security, and scalability. Proven ability to debug, troubleshoot, and fix defects while leveraging AI tools and following Agile/Scrum development practices.

SKILLS

Java (Core, Java 8) | Spring Boot | Microservices | REST APIs Design | SQL (PostgreSQL, ORACLE) | Apache Kafka (Event-Driven) | Redis | AWS | Data Structures & Algorithms | OOPS | LLM/AI Integration | Git | Agile/Scrum | SDLC | Angular | React | JUnit | Mockito | Debugging and Troubleshooting

EXPERIENCE

Software Engineer — Tata Consultancy Services (Product Development Division)

02/2025 – Present

- Built fault-tolerant service using Spring Boot for distributed microservice monitoring, reducing recovery time by 80% to under 1 second.
- Upgrading global core banking solution architecture from legacy PL/SQL to Cloud-Native Microservices, processing millions of daily financial transactions.
- Actively participated in the full software development lifecycle (SDLC), collaborating with cross-functional teams for feature delivery.

Software Developer — Servosys Solutions

01/2024 – 12/2024

- Engineered custom Java load-balancing to optimize document ingestion, scaling throughput by 58% (1,200 to 1,900 req/s).
- Developed event-driven pipeline using Apache Kafka for 10,000+ daily documents, integrating AI/ML models to reduce search latency by 40%.
- Developed secure RESTful APIs for client integrations, implementing JWT and RBAC to secure sensitive document endpoints.
- Performed unit testing on Java applications using tools like JUnit to ensure code quality and minimize defects prior to deployment.

EDUCATION

Bachelor of Technology in Computer Science and Engineering, National Institute of Technology, Raipur (2024)

ACHIEVEMENTS

- LeetCode Knight with 1300+ problems solved, securing top ranks (810, 983, 1324) in weekly contests.
- Codeforces Specialist with a maximum rating of 1550.
