SUMMARY

Results-driven Software Engineer proficient in developing, testing, and maintaining robust Java-based applications using Spring Boot and Microservices. Expert in designing and implementing features throughout the full software development lifecycle(SDLC), including debugging, troubleshooting, and fixing defects. Experienced in creating secure RESTful APIs, managing databases with SQL, leveraging event-driven architecture with Apache Kafka, and integrating AI tools to enhance application performance, security, and scalability.

SKILLS

Java | Spring Boot | Microservices | REST APIs | SQL | PostgreSQL | Oracle | Apache Kafka | Redis | Data Structures & Algorithms | OOPS | AWS | SDLC | Agile/Scrum | Git | AI/ML Integration

EXPERIENCE

Software Engineer — TataConsultancy Services (Product Development Division)

02/2025-Present

- Developed and maintained a fault-tolerant Java service using Spring Boot for microservices monitoring, reducing recovery time by 80% to ensure uninterrupted Real-Time Payment processing.
- Participated in designing and implementing feature migration for TCS Bancs, shifting from monolithic PL/SQL to Cloud-Native Microservices, enhancing scalability for millions of daily financial transactions.

Software Developer — Servosys Solutions

01/2024 – 12/2024

- Engineered a Java-basedload-balancing mechanism to optimize document ingestion, scaling throughput by 58% (1,200 to 1,900 RPS)and reducing latency.
- Developed an event-driven pipeline using Apache Kafka to process 10,000+ documents daily, integrating AI tools for entity extraction and reducing search latency by 40%.
- Designed and developed secure RESTful APIs with JWT authentication and RBAC for external client integrations, ensuring application security for sensitive data.

EDUCATION

Bachelor of Technology in Computer Science and Engineering, National Institute of Technology, Raipur (2024)

ACHIEVEMENTS

- Achieved LeetCode Knight status with 1300+ problems solved, securing top ranks in weekly contests.
- Attained Codeforces Specialist rating of 1550, demonstrating strong competitive programming skills.
